Welcome Back

Welcome back returning skaters and welcome to our new members. If you have any questions regarding your program please see Julia. Registration is still open online, we still have spots available in some sessions.

Important Information for Intro and CanSkate

All skaters must wear a CSA approved helmet. If skater arrives with a helmet that is not CSA approved, we will have to ask them to leave the ice. Skaters should wear clothes that will keep them dry but not too heavy as it can hinder their movement. Please ensure that your skater can stand up-right in their skates like they would in their shoes. Keep in mind that new skates do not come pre-sharpened. We ask that learn to skate parents remain in the rink when their skater is on the ice, if the need to leave arises, please notify a coach so we are aware.

Concussion Policy for all Sports

Skate Canada requires all participants have a signed concussion policy. Please see Julia if you did not sign one on the first day of programs.

Ice Show

It's that time of year again...watch for Ice Show registration papers. StarSkate registration forms will be out soon, learn to skate ice show registration forms will be out in February.

Please do not miss out on this great event. Skaters from Intro to Skating, CanHockey, all the way up to our Gold Programs participate in this event and get the chance to show off what they have learned this year under the big lights. It's quite an event for the whole family to enjoy. We are very proud of our annual Ice Show.

Good Luck at Competition

Good luck to skaters competing at the Lake Simcoe and Milton competitions this month.
